### **PACKET PICK UP**

Each relay team will have only one race packet. Inside, you will find all race bibs plus one extra bib which is attached to a race belt. All bibs attached to belts have a Mylaps BIBTAG timing receiver attached. Only one team member needs to be present for pick up.

### **RULES**

- A Relay Exchange Site is designated on the course. Although teams are encouraged to use these sites, they are not required to do so and may break up the 13.1-mile course as they please.
- Each team will have the timing tagged bib on a race belt to serve as the "baton." It must be worn around your waist to designate your participation status.
- The relay exchange site will be marked with tall, red Relay Exchange flags. Participants should exchange near them.
- Please be courteous to other runners and pull out of the way to exchange your race belt.
- No parking or standing is allowed on the course route itself.
- The GU packets on the course are reserved for the distance runners.

### **HAND OFF SITES**

Detailed driving and parking directions between exchange sites are provided on the back of this page. These sites offer parking, restroom facilities, and adequate space for a safe exchange.

**IMPORTANT PARKING NOTICE:** All relay participants and teams are to park in the Pine St. parking ramp, just to the south of the Cellcom Green Bay Marathon start line gathering area on Sunday, May 19. Both the Half Marathon and Marathon events start from the same location. The Pine St. ramp has been chosen, due to the proximity, the number of available parking spaces, and most importantly, the ease of driving egress on to the first exchange point location.

### **OLD FORT SQUARE REUNITE**

***Reunite – 211 N. Broadway – Old Fort Square***

After parking, walk around to the front side of this building. You will now be on Broadway. Look for the RED TEARDROP "REUNITE" FLAG.
